

AVANT-GARDE
MONTRÉAL MAY 2012
38TH CONFÉRENCE
CANADIAN ASSOCIATION FOR MUSIC THERAPY
ASSOCIATION DE MUSICOThÉRAPIE DU CANADA

Montreal, January 10, 2012

Dear Vendor,

The Canadian Association for Music Therapy invites you to the 38th annual Music Therapy conference, hosted by Concordia University and Association québécoise de musicothérapie in Montreal, Canada, from May 3-5, 2012. This year's conference *Avant-Garde* welcomes you to an amazing event filled with international connections, new experiences, and much more!

Exhibiting during the conference introduces Canadian music therapists to fresh, new products and services that have not been available at previous conferences. The conference will host near three hundred professionals interested in improving and expanding music therapy practice in Canada and will offer over 15 hours of exhibit time.

The festivities begin Thursday morning, May 3rd with refreshments in the exhibit hall, and live music. The convention also includes a Silent Auction, concurrent sessions, and ample time for the exhibit hall, some of it dedicated exclusively to exhibition without conference sessions.

There are also many exciting opportunities to be seen as a conference sponsor, and/or advertiser before, during and after the conference. Enclosed you will find everything you need to take part as an exhibitor, advertiser, and/or conference sponsor.

To guarantee your place and a choice of booth location in the CAMT exhibit Hall, mail your Exhibitor Space Registration Form in today.
The deadline for exhibit registration is February 15, 2012.

We look forward to your involvement at this exciting music therapy event!

Sincerely,

Guylaine Vaillancourt
