MONTRÉAL MAI 2012

38TH CONFÉRENCE

CANADIAN ASSOCIATION FOR MUSIC THERAPY
ASSOCIATION DE MUSICOTHÉRAPIE DU CANADA

OBJECT: Request for a Donation for a Silent Auction
38th Annual CAMT Conference in Montreal, *Avant-Garde*

Sir, Madam,

The Association québécoise de musicothérapie (AQM) and Concordia University will be hosting the 38th Annual Canadian Association for Music Therapy (CAMT) Conference in Montreal from May 3rd to 5th 2012.

The goals of the CAMT are to increase public awareness of the applications of music therapy and its clinical and professional standards, to promote the development of music therapy services in schools, hospitals, rehabilitation and community centers and other settings, and to support music therapy education and research. Music Therapy can benefit all individuals regardless of age, level of functioning and musical background.

The conference will welcome many speakers, music therapists and music related professionals from the province of Québec, the rest of Canada and a number of other countries. To make this event a successful financial event we are organizing a silent auction scheduled for the evening of the banquet. Would you consider supporting the CAMT efforts by donating one of your products for the silent auction? Your products will be displayed for all to see. For more information, please contact

mt2012@concordia.ca or check the CAMT web site at www.musictherapy.ca

Thank you in advance for your support. Looking forward to hearing from you very soon.

Sincerely,

On behalf of the conference planning committee
