Inspiration SYMPOSIUM

The Heart of Music Therapy in Practice

Are you a music therapist in practice who has developed a technique that you'd love to share, and which you think will enhance the lives of others?
Then we want to hear from you.

At this event music therapists will share their work for others to experience.
We invite you to send us a proposal to present in Perth, Ontario during this unique event.

WHAT WE'RE LOOKING FOR

- Present an overview of your topic
- Show us your work
- Your presentation will be at least 50% experiential - but more is better
- Your presentation is 60 or 90 minutes

SAMPLE TOPICS

- A helpful method you made for a client.
- A case study showing what worked well.
- A musical intervention you created.
- Working together to design something new.
- Practicing a special technique you're working on.
- Discovering new ways to use proven techniques.
- A method you created during research that you want others to try.
